

---

**SOUTH REGION PRODUCTION UPDATE for Members only**  
**As of March 18, 2008**

---

**Possible Upcoming Productions**

The Guild has been contacted by the following productions about becoming signatory to one of the Screen Actors Guild collective bargaining agreements. **Please be advised that these Producers may not have completed the signatory process at this time. It is the responsibility of each member to confirm that each Producer has signed the applicable contract before you make an agreement to render services. Failure to confirm the signatory status before rendering services may lead to disciplinary charges being filed against you.** If you have any questions, please contact the office at 800-SAG-0767.

This production update is provided as a service to Screen Actors Guild members to assist you in *following up on work opportunities with your talent agent*. Most producers will not accept direct submissions and will only consider performers submitted by talent agents. Since they do not accept direct submissions, many producers will not grant permission to include casting information or production office address data on these communications. If the information does not appear on this update, it was not made available to the Guild for publication.
