

Talent Agents

This is a list of local talent agents and agencies franchised by SAG as of January 4, 2007.

The SAG franchises reflect only that the agent or agency is state licensed where required; has provided a surety bond or other security; has submitted recommendations from people in the industry, and has promised to comply with SAG rules governing agents and agencies. The granting of a franchise by SAG does not in any manner, directly or indirectly, constitute a guarantee, warranty or representation as to an agent's ability or quality, or the conduct of the agent toward a performer. The SAG and AFTRA franchise does not indicate whether complaints have been filed with SAG against the agent or agency. Under confidentiality requirements, the SAG franchise does not reflect whether the Guild has initiated any proceeding to discipline or revoke the franchise of the talent agent or agency.
