Actor Bio:

J. Emerson McGowan was born in New Jersey on Holy Innocents Day -- a kind of oxymoronic statement. During his formative years, his interests tended toward knowing more about the physical environment in which he lived and spent a great deal of time sifting through and learning from the "debris" that Nature washed upon the shores; which is utilized in his life as an actor. He holds a BA and an MS Degree; both related to the Craft of Acting and the human condition.

He has received several awards for his work within the City of Union City, NJ. He is truly an emerged artist.
